

H.O.S.T.S.

Helping Our Students To Succeed

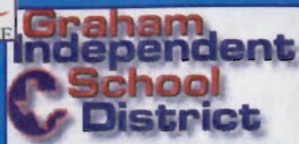

*2006-2007 program will
focus on essential tools to
promote confidence, success
and strong ethics in the
workplace.*

Partnership

*Between
Graham Independent
School District
And
Graham Chamber of Commerce*

The Graham Chamber of Commerce, in conjunction with Graham Independent School District, has implemented the

"Helping Our Students To Succeed"

program at the local high school.

Business people across the area team up to "mentor" one class of Graham High School students. Now in its fifth year, the vision of the HOSTS program is to shepherd students from their freshman year through graduation.

PROGRAM GOALS:

- Collaborating with the GEWC and GIA to develop work-based career development experiences for all students
- Utilizing partnerships to promote community support for career and technology education programs
- Encouraging all school personnel to actively participate in partnership efforts
- Planning, developing, and implementing partnerships that support efforts to help students develop the basic knowledge and skills necessary for managing the dual roles of family member and wage earner, gaining entry-level employment, and continuing the student's education or training at the post-secondary level
- Making career and technology education opportunities available to all students through partnerships with post-secondary institutions, trade or technical schools

To Volunteer For The H.O.S.T.S. Program

Contact: Robin Raney, Exec. Director
Graham Chamber of Commerce
940-549-3355 or 800-256-4844
E-mail: robin@grahamtxchamber.com

H.O.S.T.S. help students feel valued in the Graham Community. Students are a vital part of the current workforce and will become our future employers.
